Dear Kitten:

Where are you getting all those cute cards from, decided to catch up on my letter writing while my lazy husband sleeps. I asked him to take me to the show but he went to sleep, oh well.

The day is beautiful here, I had a letter from my brother and he was home for five days Easter and is (he thinks) going to San Diego, gee I hate a day like today time just hangs on my hands, of course I have plenty of mail to catch up on but I never know what to write I suppose after the baby comes that will be all I'll chat about.

I have everything I need

now except the baby by the way
how is Marion's baby now, all right
I'm making myself one of those
finger tip coat and wrap around
skirt to match, of course Mrs
Walsh the woman we live
with is doing most of the sew-
ing, she doesn't let me do anything.
I suppose because she is much
quicker than I.

My mother sent Monte's
golf clubs on, so I have place around
here for a few hours a day while
he plays, I walk a few holes with
him and wait in the car.

Well not full of much news
to day so take care, Mary Geraldine
sends her love too,

loads of love
Hattie
